

# WARRIOR LEGACY SOCIETY

ENSURING LIFE-SAVING CARE FOR GENERATIONS TO COME

**The Warrior Legacy Society ensures that Upstate veterans, first responders, and their families have permanent access to the resources they need to thrive.**

Community support of Upstate Warrior Solution (UWS) has enabled us to build a robust environment of life-saving resources and opportunities through:

- **Rupert Huse Veteran Center** - Our one-stop shop for resources that's changing the face of holistic care and suicide prevention for warriors and families.
- **Warrior Advocacy** - UWS' Advocacy Team offers boots-on-the-ground case management to those we serve.
- **Innovative Programs** - UWS' programs fill critical resource gaps and offer enrichment opportunities for warrior families, first responders, and veterans.

The Warrior Legacy Society is for Patriots who understand the enduring need for these resources and who desire to include UWS in their estate plans.

Common ways to join the Warrior Legacy Society include naming UWS as a beneficiary in your:

- Will or living trust
- Retirement account
- Life insurance policy

“Everyone in the community should be engaged. Everyone can help. Our community should feel the obligation to help these heroes who have sacrificed everything for us.”

- SMYTH MCKISSICK | UWS GOVERNANCE BOARD

**PLEASE JOIN US IN BUILDING A LEGACY OF PATRIOTISM!**

**Elisabeth Schatke | Director of Development**
